

Di modul 2 ini saya mengerjakan dan mempelajari tentang basic basic cloud computing dan apa yang bisa dilakukan dengan cloud, lalu melakukan tes lab dari website untuk pengenalan cloud computing, setelah itu dilanjutkan dengan pembelajaran lagi dan juga tes quiz di akhir untuk mereview yang sudah di pelajari

## Bukti Capaian modul 2

The screenshot shows the Google Cloud Computing Foundations Certificate interface. The top navigation bar includes the Google Cloud logo, Dashboard, Explore, Paths, and Subscriptions. A search icon, help icon, and a user profile icon (J) are on the right. Below the navigation bar, a banner reads "Apply your skills in Google Cloud console" with a "Get started" button. The main content area is titled "Quiz" and displays "Your score: 100%" and "Passing score: 80%". A "Retake" button is visible. The quiz question is: "1. Which command line tool is part of the Google Cloud SDK?" with options: "bq" (selected), "Bash", "SSH", and "Git". A green feedback message states: "Good job! That's the correct answer." The left sidebar shows the course progress: "01 Google Cloud Computing Foundations: Cloud Computing Fundamentals" with a progress bar at 53% (8 hours). The sidebar also lists completed modules: "Started with Cloud Shell and gcloud", "Getting Started with Cloud Shell and gcloud", "Google Cloud APIs", "The Cloud Console Mobile App", "Quiz" (highlighted), and "Summary". Navigation buttons "Previous" and "Next" are at the bottom.

Google Cloud Computing Foundations Certificate > Course > Google Cloud Computing Foundations: Cloud Computing Fundamentals >

# Quiz

Your score: 100% Passing score: 80% Retake

Congratulations! You passed this assessment.

1. Which command line tool is part of the Google Cloud SDK?

☒ bq

☐ Bash

☐ SSH

☐ Git

Good job! That's the correct answer.
